Olivio Bollard — Auebad, Kassel, Germany

OLIVIO

Harmonious lighting of paths: The Olivio bollard completes the Olivio series. With its familiar organic shape, it is available in two sizes and enables safe guidance.

Olivio Bollard

high pressure die-cast aluminum · planar safety glass · Selux Graphite or special finish

LED freeform lens optics or HID reflector optics with asymmetrical light distribution

for installation on a plinth or separate buried base
